

## Thank you

18/09/2020

Dear Parents and Carers

Well, we've all made it to the last Friday of Term 3, congratulations on the mammoth task of supporting your child/ren through remote and flexible learning. We still have another week of remote learning however we are nearly there. The challenge of the past six months is obvious to all and I don't want to dwell on the negatives, instead celebrate the creativity and resilience of our community. There has been some amazing work done and I want to thank everyone in our community for working together, we could not have got through this period without everyone remaining united.

Cobram Secondary is truly is an amazing community and I am very proud of our students, parents, teachers, support staff and everyone involved for making the past six months work for the people we all care about the most, our students.

I have received confirmation from the Department of Education that the first two weeks will be as follows;

### From Monday 5 October:

- **Remote learning continues for all year levels**
- Victorian Certificate of Education (VCE) and Victorian Certificate of Applied Learning (VCAL) students (including Year 10 students enrolled in VCE or VCAL programs) can attend on-site for the General Achievement Test (GAT) and essential assessments.

### Wednesday 7<sup>th</sup> October

- Students studying a Year 12 subject will complete the General Assessment Task (GAT) at the Cobram Civic Centre

### From Monday 12 October (week 2)

- All students in Year 7 to Year 12 at Cobram Secondary College will resume on-site learning for Term 4 on Monday 12 October

Kind Regards

*Kimberley Tempest*

Cobram Secondary College Principal
