Term 1 Week 6 2026

Every Student Matters, Every Staff Member Cares, Every Opportunity Taken, Every Student Succeeds

From the Principal:

This week we launched ELEVATE 8, an exciting initiative that provides some of our Year 8 students with the opportunity to participate in selected Year 11 classes including; Biology, History, Revolutions and Maths.

These students will experience more advanced learning and work alongside older students, giving them the chance to challenge themselves and explore their interests in greater depth. It has been wonderful to see the enthusiasm, and a few nerves, as students step into this opportunity.

Programs like ELEVATE reflect our commitment to ensuring every student is supported and challenged to achieve their best.

As we head into the long weekend, I hope our students, families and staff enjoy some well-earned rest. Please stay safe if travelling.
